For each project, the student is responsible for securing feed and ensuring the animal is cared for. Eligibility check will be completed for the 2<sup>nd</sup> Nine Weeks grading period, January 15, 2019 (the “No pass, No play” rule is in effect). If an ineligible student has a project in the barn, the animal will have to be removed from the barn by January 21, before the start of the 2019 CCISD Livestock Show and Auction. You must be enrolled in one agriscience course to be eligible to exhibit a project.

Purchase of a livestock project(s) is not required of a student to be enrolled in an agricultural course or to participate in the CCISD show and auction. Students may also enter Ag. Mechanics, Floriculture, Horticulture, Visual Arts and Food Science projects to be a participant of the show and auction. Each exhibitor must be a paid FFA member in good standing with their respective chapter.

In addition to the payment of the project, students need to turn in an entry form, a W-9 with **student information**, a signed show rule agreement, a signed animal health care guidelines, and a signed barn rule agreement (if the project is kept in the barn) to their ag science instructor prior to selection.

Please note that if you plan to participate in the CCISD Livestock Auction, you will need to have official dress in order to Auction. Please see your Ag. teacher for details.
